

Glacé Fruit

Dawn offers a complete assortment of glacé fruit to meet your seasonal and everyday baking needs!

Glacé Fruit

Also known as candied fruit, glacé fruit is brightly coloured fruit pieces preserved in a sugar syrup. The high sugar content extends the shelf life of these product and prevents spoilage. These fruits are commonly used in cakes, breads, and other sweet baked goods, and can be used to decorate cakes. Traditionally these fruits are used during the Christmas holiday season in fruitcakes. Dawn offers a variety of glacé fruit items, including pineapple, cherries, mixes, and peels.

33# / 15 KG

Maraschino Cherries

These sweet, bright red cherries are made from ripe, pitted cherries and then preserved in a coloured sugar solution. These cherries have a longer shelf life due to the high sugar content, making them ideal compared to fresh cherries. Maraschino cherries can be used in a variety of applications to decorate frozen yogurt, cakes, pastries, parfaits, milkshakes, ice cream sundaes, and pineapple upside down cake.
