

## Restriction of the use of certain hazardous substances in electrical and electronic appliances (RoHS)

We, Mirka Ltd, hereby declare that our Power Tools products are compliant in accordance with the below mentioned European Directives:

- EU directive 2002/95
- EU directive 2011/65
- EU directive 2015/863

with the following exemptions regarding a component on the PCB in our LEROS, DEROS- and DEOS-models:

- 7.a Lead in high melting temperature type solders (i.e. lead-based alloys containing 85 % by weight or more lead)
- 7.c.I Electrical and electronic components containing lead in a glass or ceramic other than dielectric ceramic in capacitors, e.g. piezo electronic devices, or in glass or ceramic matrix compound

and with the following exemption regarding pins of plugs for battery charger BCA 108:

- 6.c Copper alloy containing up to 4% lead by weight

See RoHS and substance information letter for more information.

This declaration is based on declarations received from our suppliers and periodically some tests are performed to confirm compliance.
