

# Welcome to Our New Dropshipping Program!

**Test new products, expand SKUs, lower costs, and reduce risk with CommentSold's Dropshipping Program.**

Gain access to name-brand products not normally available to individual retailers. Purchase inventory at competitive rates and lower costs. Explore new SKUs delivered straight to your shoppers—without the hassle of warehousing or the risk of upfront purchasing.

## Dropshipping with CommentSold Enables Retailers to:

- ✓ **Test New Products & Expand Your SKUs— Without Upfront Purchasing**

Expand your product offerings with access to exclusive brands—without upfront fees. See how shoppers respond to new items to help
- ✓ **Reduce Operational Risk**

Lower your obligation to sell by carrying less inventory, while maintaining a robust offering of products.
- ✓ **Lower Costs with Competitive Rates on Products**

Retailers receive competitive pricing and margins not normally available to individual sellers.
- ✓ **Bypass Warehousing and Fulfillment**

Enjoy the benefit of added sales without the hassle of backend operations. Products are shipped straight to your shopper's doors from the CommentSold warehouse.
- ✓ **Free Up Funds**

Use money normally spent on up-front purchasing to help grow your business in other ways.

**NO**  
Upfront Costs
