# Professional Services On Demand

Engage Conga Resources, Expertise and Best Practices

Professional Services on Demand (PSOD) provides an easy path to address your specific requirements without needing to engage in a full project.

PSOD Details	Range	Term Length
Hour Range	8 – 100 Hrs	6 Months
Hour Range	101 – 200 Hrs	12 Months

Key Benefits

- **Conga Expertise and Best Practices:** PSOD is delivered by the same team of experienced Conga Quote-to-Cash experts that engage in full implementation projects.

- **Easy to Purchase and Use:** With PSOD, you choose the number of hours you need to address your specific business needs without the hassle of having to contract through a Statement of Work (SOW)

- **Flexibility:** Can be used for a wide variety of tasks, and you can change/add to your original intended business scope as needed without additional paperwork.

"We had an excellent experience with Conga. We looked at using other consultants for the same work but ultimately decided that Conga would likely have the expertise to know how best to achieve our business goals and they did! It was an amazing experience."
