Brand Standards Guide

# About This Document

These branding guidelines should be used as a reference when developing all Thrasher Group brand messaging and communications. While the parent brand and each of its sub-brands has its own logo, all share the same branding guidelines. This document exists for one reason: to ensure brand consistency across all executions. Consistency is the key to successful branding, which is in turn critical to the long-term success of the Thrasher Group and its companies.

# Our Brand

Incorporating the name of our founder, Thrasher Group (no 'The') is an 'umbrella brand' that encompasses multiple brands – including Thrasher Foundation Repair, Midwest Foundation Repair and Thrasher Commercial. The Thrasher Group brand is used primarily for employment branding (recruitment, HR, etc.), business operations (accounting, marketing, etc.) and vendor relations.

## WHEN TO USE THIS LOGO

The Thrasher Group logo is used by Thrasher Group executive leadership, owners, director-level staff and support departments, including Finance, Marketing and Human Resources, for internal communication with Thrasher Group companies and their employees, recruiting, business-to-business (B2B) communications and business-to-government (B2G) communications and collateral (business cards, website, apparel, etc.). Thrasher Group is also used in direct business-to-consumer (B2C) communications through co-branding with all Thrasher Group companies.

## QUESTIONS?

Contact [marketing@thrasher.group](mailto:marketing@thrasher.group) with any questions you have about using the logo and brand.

# THRASHER™ FOUNDATION REPAIR

With office locations in Omaha, Grand Island, Sioux City, Wichita and Kansas City, the Thrasher name is one that homeowners have come to know, trust and associate with residential waterproofing and foundation repair since 1975. With an expanding regional footprint driven by acquisitions in new markets, the need to create and reinforce the relationship between the Thrasher name and the services it provides has seen 'Foundation Repair' added to the Thrasher logo. This logo clearly articulates both who we are and what we do.

## WHEN TO USE THIS LOGO

The Thrasher Foundation Repair logo is used by all Thrasher Foundation Repair employees, including Management, Customer Care/Logistics, Sales, Production, Service and Supply Chain for internal communications, customer-facing communications and collateral (business cards, advertising, apparel, etc.).

## QUESTIONS?

Contact [marketing@thrasher.group](mailto:marketing@thrasher.group) with any questions you have about using the logo and brand.

# MIDWEST<sup>TM</sup> FOUNDATION REPAIR

Originally founded in 1995, Midwest Foundation Repair in Des Moines, IA (formerly Midwest Basement Systems), was acquired and renamed in 2019. Midwest Foundation Repair has enjoyed a stellar reputation and brand awareness in Central Iowa since 1975. Midwest Foundation Repair and Thrasher Foundation Repair provide similar services, and the logo and name were changed after the acquisition to bring the two companies into alignment with Thrasher Groups residential brand.

## WHEN TO USE THIS LOGO

Used by all Midwest Foundation Repair employees, including Management, Customer Care/Logistics, Sales, Production, Service and Supply Chain for internal communications, customer-facing communications and collateral (business cards, advertising, apparel, etc.).

## QUESTIONS?

Contact [marketing@thrasher.group](mailto:marketing@thrasher.group) with any questions you have about using the logo and brand.

Hello Garage is a franchise that was created to breathe new life into the garage renovation industry. Each Hello Garage franchise is dedicated to helping homeowners re-imagine the garage space and elevate it from cluttered junk drawer to true front door. The goal of every Hello Garage employee is to provide a customer experience so remarkable people will want to tell their friends about it.

\*Hello Garage is a member of the Supportworks family of companies -- each unique but united in a single purpose: to redefine the contracting industry -- now and for generations to come.

## WHEN TO USE THIS LOGO

Used by all Hello Garage employees, including Management, Sales, Production for internal communications, customer-facing communications and collateral (business cards, advertising, apparel, etc.).

CUSTOMER EXPERIENCES
- TO PROVE MORE IS POSSIBLE
- TO DEMONSTRATE THAT  
FULFILLING WORK CREATES  
FULFILLING LIVES

## MISSION

An important aspect of building and steering a brand is to have a mission. At Thrasher Group, our mission is:

**To deliver a “WOW” experience and challenge the status quo.**

## CORE VALUES

We keep this mission at the heart of everything we do along with our core values of:

### ONE TEAM

Individuals unified as a family and empowered to be extraordinary.

### ONE PASSION

Being relentless in the pursuit of constant improvement.

### ONE EXPERIENCE

Providing WOW service to every customer, every time.

### ONE COMMUNITY

Being an advocate for our community, returning the blessings we’ve been given.

WHY we do what we do. Our Purpose is:

# To Redefine the Industry

**Our brand strategy is our long-term plan for the development of successful brand goals. This is internal language and is not shared with customers.**

**The Thrasher Group brand strategy is to become synonymous with providing peace of mind. It is a promise that whatever the issue, it will be resolved to the homeowner's satisfaction—no matter what.**

## THE BRAND'S POSITION

Our brand position defines where our brand fits in the marketplace—in other words, what we are known for.

### BRAND PROMISE

This is our promise to our customers - meaning, what will the customer get if they choose us?

### BRAND VOICE

Brand Voice is the uniformity of words and tone used to convey a brand's personality to its audiences.

### BRAND EXPERIENCE

The brand experience is the sum of all the moments and interactions a customer has with a brand, either directly or indirectly; it is not any one thing.

## THE BRAND'S POSITION

Thrasher Group's brand position in the mind of the target market is defined by the word 'family'. That, despite its size, Thrasher Group is still the same family business that began in a rural Iowa farmhouse in 1975. The notion of "our family helping yours" permeates everything we do, reinforcing the values expressed in the Brand Voice. While the company's long history reinforces the message of expertise.

## THE BRAND'S PROMISE

The Thrasher Group brand promise is:  
**We'll do it right or we'll make it right.**

## THE BRAND'S VOICE

Thrasher Group speaks as plainly and honestly as its founder. It is a voice that's humble yet wise, empathetic yet direct. We prefer shorter sentences that contain only useful content, because we understand that our customers' time is valuable. And, in the end, we prefer to let our work speak for itself.

When engaging with the Thrasher Group Brand Voice, consumers should feel one or more of the following:

- Thrasher Provides Value
- Thrasher Is Widely (and Rightly) Trusted
- Thrasher Has Deep Expertise
- Thrasher Is Family-Owned
- Thrasher Is Experienced
- Thrasher Is Humble
- Thrasher Is Honest

## THE BRAND'S EXPERIENCE

This is where we deliver on Thrasher Group's brand promise of "we'll do it right or make it right" to each and every homeowner in our communities.

From the first phone call to the final handshake and at every touch-point in-between, our customer knows he or she has made the right decision to hire a Thrasher Group Company. That's because the Thrasher Group Brand Experience is one of complete confidence, supported by expertise, competence and transparency.

For Thrasher Group's residential customers, this experience is best embodied by the home inspection, after which every homeowner will know exactly what the problem is, exactly how to fix it permanently and exactly how much it will cost. They will leave the experience understanding that their home's problems won't get better with time—but they will get better with us.

## Thrasher/Midwest Foundation Repair Brand Story

Thrasher/Midwest has always been about *family*. After all, we're a typical family business: started in 1975 by a young Greg Thrasher in a rural Iowa farmhouse. Nurtured by him, his wife Nancy and their children. Eventually growing to employ hundreds of honest, hardworking people at multiple locations across the Midwest.

Over the past 45 years the Thrasher family name has stood for raising the bar when it comes to the contractor-homeowner relationship. In fact, we aim to raise it so high, our customers expect more from their plumbers, electricians and landscape contractors too.

We do this by listening to the needs of our customers and growing our business to meet them. In fact, our success is a direct result of expanding and evolving what we offer beyond waterproofing and foundation repair to include things like concrete lifting, egress windows, and other geotechnical solutions.

Today, the company is run by Greg's son Dan, but on any given day you'll still see our founder roaming the offices and warehouses, making sure his vision is being carried out by everyone who wears a shirt or drives a truck bearing his family's name.

That's the reason we're still growing after 45 years. Because we will always be about *family* — our family helping yours, humbled to be in the business of making the places where you live and work whole again. And, just as it was back then, when it was only Greg, a truck and a notion that more is possible, we remain committed to fixing it right or making it right — no matter what the job, no matter what it takes. That's the Thrasher/Midwest promise.

This is a visual representation of how the color ratio can be used to help guide design decisions. The ratios are suggested percentages to help maintain a visual balance with the brand colors.

To maintain legibility and to minimize brand confusion, avoid overlapping these combinations.

## Azo Sans

Thrasher Group's primary typeface for use on all printed and digital materials. This font should be used in all marketing materials. The geometric qualities of the font work well to compliment the logo and other brand elements. There are six weights available, however we suggest you limit or do not use the Light and Thin options.

### ABOUT THIS FONT FAMILY

Azo Sans is a new sans serif loosely based on the elementary forms of geometry. It is constructed in a geometric manner and inspired by the constructivist typefaces of the 1920's, but is instilled with a humanistic quality. Azo Sans is full of nuances that soften the strictness of pure geometry, making the typeface more human and pleasant to read in longer body text, while maintaining a sober and rational appearance. Azo Sans comes in six weights from Thin to Black, with a matching cursive italic for every weight.

**Desktop** - Azo Sans licenses can be purchased at [myfonts.com/fonts/r-type/azo-sans/](https://www.myfonts.com/fonts/r-type/azo-sans/)

**Web** - Azo Sans is available for use through a yearly subscription with [typekit.com](https://www.typekit.com)

When Azo Sans is not available, for instance when setting up an email signature or other digital correspondence, Arial is an acceptable, alternative font.

Arial comes in a variety of weights and is standard on most PC and Mac computers. Arial Rounded and Arial Narrow are not acceptable for use with Thrasher Group brands.

This font should not be used in marketing materials if at all possible.

### Example

Thrasher Foundation Repair's email response should be set using the Arial font.

**Arial - Bold**  
***Arial - Bold Italic***  
Arial - Regular  
***Arial - Italic***

Thrasher Group's icon style is an extension of the brand and serves to enhance the look and feel of documents while maintaining a consistency throughout all applications, printed and digital.

The simple line art speaks precision, while the rounded corners and square caps are a subtle nod to the logo, while still providing enough visual contrast as to not be confused with the logo itself.

#### EXAMPLES

The precision square lends itself to a multitude of pattern, shape and layout options. The shape or the angles can be any of the brand colors, rotated and combined to create a unique layout in print or web. The key to consistency is to always start with the precision square as the base.

You may choose to leave the corner rounded, but at no time can all three corners be rounded.

We want to maintain a good mix of the brand story to balance out the technical side of the business. To do this we choose images that focus on the details of the work and tell a story. Images should be well-lit and on the warmer side of the color spectrum in order to balance out the blues of the rest of the identity.

Before and after photos are going to be a necessary part of our business; but it's important to make sure those photos are well-lit and professional, and showcase the situation as clearly as possible.

Our new identity is further carried out by the images we choose to represent it. Regardless of whether we are showing a finished basement or flooded one, we want the images to be professionally captured and presented in high resolution.

Avoid photos that seem fake or are badly staged, are awkwardly cropped, or feel like generic stock photography.
