

Getting Started

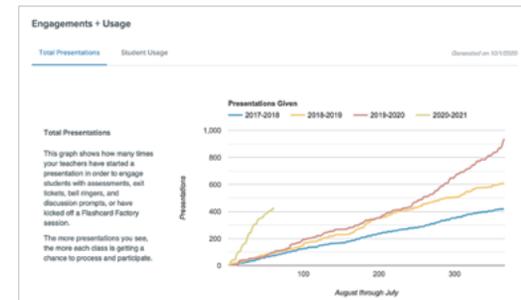

with Pear Deck for Administrators

Welcome to Pear Deck! Active learning tools like Pear Deck can help increase student engagement, participation, and outcomes. As the Subscription Manager of your account, you have some special privileges. Read on to learn more. We can't wait for your team to get started — many powerful learning moments lie ahead!

Access your administrator dashboard

To access your Administrator Dashboard, begin by logging into peardeck.com/home. Click your avatar and email address in the upper right corner, then click **My Account**. You will see your Subscription Manager features on this page. Here, you'll find a graph of your account's total presentations and student engagement!

Manage your administrator dashboard

Depending on your access type, you can manage your users by adding, deleting, or bulk managing them. If you have domain-wide access, you'll see the domains that have been added to your organization's allowlist. If you have school-wide or group access, you'll be able to add or remove users. You can also see which teachers have already claimed their Premium account.
