Dawn Exceptional® Pak Perfect™ Non-Sticky Donut Glaze

As the bakery industry's donut leader, Dawn proudly presents our patent-pending Dawn Exceptional® Pak Perfect™ Non-Sticky Donut Glaze. Our breakthrough innovation, designed for small and industrial scale donut production lines, allows Manufacturers, Commissaries, and In-Store Bakeries to sell glazed yeast raised donuts packaged in a clamshell that:

- Have a revolutionary non-sticky texture that leaves no residue*
- Have 5-Day Packaged Shelf-Life**
- Are Freeze/Thaw Stable
- Are Consumer Preferred

Deliver softer, fresher packaged donuts with no sticky glaze residue that provides the optimal eating experience for 5 days! Facilitate additional sales opportunities, new packaging possibilities, less waste and labor in your customers stores and, ultimately, **a great eating experience for consumers.**

Pak Perfect Non-Sticky Glaze is the ideal solution for packaged yeast raised glazed donuts, keeping you donuts softer, fresher, and more appealing.

Unique Benefits

Non-Sticky Texture*

5-Day Packaged Shelf Life**

Freeze/ Thaw Stable

We are committed to innovation that matters to our customers and impacts the lives of consumers. **Our new Pak Perfect™ Donut Glaze resolves a long-standing issue in the donut industry: the stickiness and dissolving of the glaze on packaged donuts.** This revolutionary solution uses a proprietary formulation that prevents the migration of moisture from the donut to the glaze, which causes the undesired dulling, flaking and stickiness of a product. In contrast, the Pak Perfect™ Non-Sticky Donut Glaze is not absorbed by the donut and remains highly stable and non-sticky for 5 days.
