

Autodesk Construction Cloud mobile app rebrand

On March 14, Autodesk will be rebranding the PlanGrid Build mobile app to Autodesk Construction Cloud. With this change, we are bringing our mobile experience even more in line with our product vision and strategy.

This means the app name “PlanGrid Build” will be replaced with “Autodesk Construction Cloud,” and the app’s PlanGrid logo will be replaced with the Autodesk logo.

While you may see feature enhancements within the app today, no other significant changes will be made at this time. Users will have the same experience in the mobile app they’ve come to expect and love from Autodesk Construction Cloud – just with a new name and logo.

Frequently Asked Questions

What is happening?

We’re renaming the PlanGrid Build mobile app to Autodesk Construction Cloud. On your phone, the logo will change to the Autodesk logo and you will see the abbreviation for Autodesk Construction Cloud, “ACC.”

Frequently Asked Questions (cont'd)

Do I need to update my app?

We recommended always keeping our mobile app up-to-date with the latest version (7.0.0 in iOS and Android) to take advantage of the latest improvements.

- If you have your device set to auto-update or if your company manages your device, you will not need to take any action.
- If you manually update apps on your phone, you will need to go to the Apple App Store or Google Play to download the latest version.

Does this mean PlanGrid will no longer be available?

No. To access PlanGrid, you will now simply use the Autodesk Construction Cloud mobile app. Once you log in, there will be no change to the interface or functionality.

Will this change how my PlanGrid Build app works?

We continuously update the functionality in our mobile app, so while you may see some enhancements to the features you love, the name and logo change will not remove any functionality.

Does my login change?

No, your app login will not change.

Does my subscription change?

No. There will be no change to your subscription.
