

UP TO **\$800**

REBATE PER ROW
with a 3-year commitment
ACT NOW – LIMITED TIME ONLY

Team up with AgroLiquid® and Precision Planting® for SMART

Precisely prescribed crop nutrition and perfectly calibrated planters.

Precision Planting's FurrowJet®, Conceal®, vApplyHD®, and FlowSense™ technology, combined with AgroLiquid's full line of high-efficiency liquid fertilizer, will give you a Smart Start on the 2025 season. Adjusting your fertility program to the plant's needs will help you maximize your nutrient dollar and profitability.

For a limited time, AgroLiquid will partner with you by offering up to three years of rebates for enabling your planter to use Precision Planting technology and the best liquid fertilizer products on the market. A year one commitment to purchase 200 gallons of AgroLiquid products per planter row ensures you a \$150/row rebate. If you purchase 250 gallons of AgroLiquid crop nutrition in year two, you will receive \$250/row. And a purchase of 350 gallons per row in year three will ensure a final rebate of \$400/row. This is a total rebate opportunity of \$800!

***Rebate total may not exceed Precision Planting technology purchase amount.**

UP TO **\$800**

REBATE PER ROW

Join the many other growers taking advantage of this program. **ACT NOW!**

Earn the Smart Start \$800 rebate

To earn the Smart Start \$800 rebate per row, you simply need to agree to equip your planter with Precision Planting's FurrowJet, Conceal, vApplyHD, or FlowSense technology, before **April 30, 2025**. You also commit to supplying your crops with the best crop nutrition possible with a minimum purchase of 200 gallons per planter row of any combination of AgroLiquid phosphorus, potassium, secondary, and/or micronutrient products for the 2025 cropping season, 250 gallons per planter row for the 2026 cropping season, and 350 gallons per planter row for the 2027 season.

Want a smaller commitment?

A one-year commitment to purchase 200 gallons per planter row of any combination of AgroLiquid phosphorus, potassium, secondary, and/or micronutrient products for the 2025 cropping season ensures you a \$150/row rebate.

ACT NOW TO TAKE ADVANTAGE OF THIS REBATE!

2024-2025 SMART START PROGRAM

Effective September 1, 2024—April 30, 2025

Program Procedures:

- Place an order under any current published price list between September 1, 2024 and April 30, 2025. You also commit to supplying your crops with a minimum purchase of 200 gallons per row of any combination of AgroLiquid phosphorous, potassium, secondary and/or micronutrient products.
 - All qualifying gallons are subject to program pricing of order. Any gallons not paid or delivered by the deadlines agreed to within order program are subject to re-pricing and/or cancellation.
- Retail Partner's standard payment terms apply. Product deadline for fertilizer delivery is dependent upon sales program of qualifying orders.
- The Retail Partner submits the completed Reimbursement Information Packet, "Verification of Conversion" form and the proof of purchase invoice for the equipment and fertilizer.
 - Proof of Purchase invoice must contain: date of purchase, itemization of new components, verification of payment.
 - The cost of the conversion must be equal to or greater than the cost share amount.
- Participants AgroLiquid account must be current to receive reimbursement
- Signed Agreement must be on file on or before April 30, 2025
- A completed Reimbursement Information Packet must be on file or completed to receive reimbursement.
 - The rebate will be issued directly to the grower once AgroLiquid has received all required documentation with verification that all fertilizer has been delivered and the Retail Partner has been paid according to the guidelines of the qualifying orders.
- Participants will receive \$150 per row year one on planters converted to include one or more of Precision Planting's Furrow Jet, Conceal, vApplyHD or Flowsense technology and commit to 200 gallons per row of Non-Nitrogen AgroLiquid Product between September 1, 2024—April 30, 2025.
 - Additional rebates available years two and three.
 - Year two purchase an additional 250 gallons per row and receive an additional \$250 per row reimbursement.
 - Year three purchase an additional 350 gallons per row and receive an additional \$400 per row reimbursement.
- ALL invoices and corresponding backup documentation must be emailed to the following:
 - kayle.jakus@agroliquid.com

AUTHORIZATION FOR ACH DEPOSIT

How ACH works:

In place of a paper check your money will be deposited to the account of your choice. The amount of deposit will appear on your bank statement.

All you need to do is:

1. Fill in name, financial institution name and location, and account information.
2. Mark the box indicating checking or savings account.
3. Enter remittance advice and addenda remarks if required.
4. Sign and date the form, and return to AgroLiquid's Accounting Department

Authorization

I authorize COG Marketers, LTD (AgroLiquid) to initiate electronic credit entries and/or debit entries, and adjustments for any credit/debit entry errors to my bank account. I acknowledge that the origination of ACH transactions to my account must comply with provisions of the U.S. law. This authority will remain in effect until I have cancelled it in writing.
