CAMBRO's Commitment to Schools

For decades, Cambro products have been an integral part of school meals. Our durable compartment trays and eye-catching food bars have encouraged generations of students to eat healthy, balanced lunches. Heavy-duty insulated transport units like the Ultra Camcart® and the Pro Cart Ultra® help foodservice professionals hold and transport hot and cold food safely from central kitchens.

the Most Adaptable Insulated
Holding and Transport Carts on
the Market

“

**Warren
DeShield**

Director of Food
Services at Bridgeton
Public School

I'VE BEEN A CHEF SINCE 1993, and I've always used Cambro. Cambro has always been a brand that I've been loyal to, from the hot boxes that we use on our lunch lines and when we transport catering food. Cambro has always been very efficient for me, and it looks good!

”

Grants and Resources

Public and private sector funds are available to school districts to purchase food service equipment:

**Denis
Vorrises**

Director of Food
and Nutrition at
San Mateo Union
High School
District

INITIALLY THEY SHOWED ME (THE CAMBRO VENDING CART) and because I'm big into school logos and names, I asked if that could be incorporated into the cart... We strategically place them at points that will go where the students are that aren't close to the other serving areas. So if a campus has a cafeteria on the east side, we'll go to the west side with the cart.

Light-Duty Insulated Carriers

Cam GoBox®

- Hold food and beverages at safe temperatures.
- Wash by hand or run through the dishwasher.
- Lightweight to carry, stack on dollies or place on mobile carts.

“

Kelley Wassermann

Director of Child Nutrition,
Wellness and Communications,
Sylacauga City Schools in Alabama

WE LIKE THE DURABILITY OF [THE CAM GOBOXES] a whole lot better than those soft sided boxes for breakfast in the classroom and meal distribution. We use them for both purposes and it's just great.

done within 15 minutes.

”

Camshelving® GN Food Pan Trolleys

Food storage made simple for operators with durable construction and low maintenance to ensure food gets to students quickly and easily.

- Easy to clean, rust and corrosion-resistant solution.
- Holds a variety of GN food pans for prepping, defrosting, or cooling bulk food.
- Premium plastic casters combined with structurally solid top and bottom frames provide a quiet, smooth gliding rack that easily maneuvers anywhere.

Camshelving® Ultimate #10 Can Rack System

Create the can storage system your operation needs with the Ultimate #10 Can Rack. This first ever plastic can rack makes storing and inventorying #10 and #5 cans so much easier.

- Front-loading, gravity-fed system supports FIFO organization and food rotation with no need to move the rack for loading or unloading.
- Made with easy to clean, smooth surfaces. Can be completely disassembled and run through the dishwasher.
- Small pads on front provide leverage for easy removal of cans, from any tier.

Premium® Series

SHELVING for LIFE®

Camshelving® Premium, Elements & Basics Plus Series

Camshelving Premium Series

Highly durable shelving can withstand loaded weight easily.

- Rust and corrosion-resistant, easy to clean storage solution.
- Connect multiple units with shared posts and open corners to maximize space.
- Conveniently adjust and reconfigure shelf tiers for your storage needs to fit a variety of product sizes.

camguard
ANTIMICROBIAL SHELF PLATES

All Camshelving Series shelf plates are embedded with Camguard® antimicrobial protection.

Removable shelf plates are dishwasher safe.

Stationary Starter Unit

Mobile Unit

Premium® Series

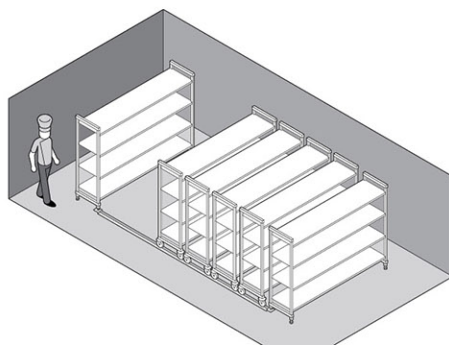

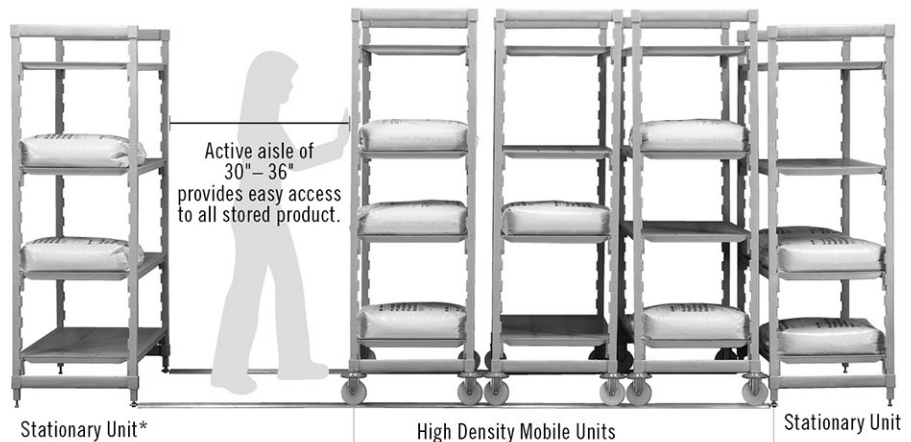

High Density Storage Floor Track System

- Increases Storage Capacity Up To 50%.
- Maximize storage capacity by creating storage aisles in all available space.
- Easy to install track requires no drilling or gluing.
- Choose from a wide selection of sizes with 4 or 5 shelves to maximize storage space.

camguard
ANTIMICROBIAL SHELF PLATES

Grooved casters roll easily and securely on raised track.

Raised track connects easily to the bottom of a stationary unit that works as a system anchor. No bolts, no glue or drilling into the floor are required. Easy and fast set up.

Elements® Series

Camshelving Elements Series

Cost-efficient and durable shelving to help keep your school's kitchen organized and clean.

- Rust and corrosion-resistant, easy to clean storage solution.
- Ideal for coolers, freezers and warewashing areas.
- Made from extremely strong composite materials.

Translucent Food Pans

- Economical choice to store, transport, and serve all-in-one GN food pans.
- Non-stick interior reduces waste while promoting easy cleaning – safe for commercial dishwashers.
- Withstands temperatures -40° to 160°F and resistant to harsh chemicals.

H-Pan™ High Heat Food Pans

- Reduce handling using one pan for prepping, cooking to serving.
- Microwavable with heat tolerance of 40° to 375°F.
- Safe for use in ovens, steam tables, and hot holding cabinets.

Camwear® Food Boxes and SlidingLid™

- A safe solution for storing and serving bulk fruits and vegetables.
- SlidingLid provides easy, hygienic access to contents.
- The easy snap-fit cover protects contents.

StoreSafe Food Rotation Labels

- Hygienic, dissolves completely with water without leaving residue behind.
- Promote FIFO and reduce waste.

Endure Food Identification Labels

- Labels withstand 300 washes.
- Supports food safety and proper FIFO rotation.

Dunnage Rack

- Store inventory 12" safely off the floor to protect against contamination.
- Easily clean the rack and the floor underneath in the freezer, cooler or dry storage.

Ingredient Bin

- Hygienic storage for bulk, dry ingredients.
- Identify content at a glance and reduce handling with clear sliding lid.

Service Cart Pro

- Durable, one-piece polyethylene construction.
- Total weight capacity: 600 lbs (200 lbs per shelf).
- Shelves feature raised ridges to protect surface against heat.
- Easy to clean.

Utility Carts with Antimicrobial Handles

- Ergonomic handles with Camguard® Antimicrobial protection prevent bacteria growth.
- Rust and corrosion-resistant for easy cleaning.
- Multi-purpose economical choice for transporting heavy or bulky items in the kitchen.

Personalization

Personalization

Enhance efficiency or promote your school with personalization.

- Improve Allergen Management keeping students safe.
- Easily identify contents making food prep simpler.
- Share school spirit to engage students.
