

Vidar Pro high BUGrip®

Vidar Pro high BUGrip® Black Black
55391-9A

Sporty safety boot with the best possible allround traction. Stable upper in durable and water resistant leather with rubber reinforcements. Waterproof BUGdri® membrane and insulating 200 gram Thinsulate lining. Penetration resistant midsole uses composite material to block the cold from the ground and an insock with a laminated Alu-sheet reflects and keeps the heat generated by the foot. The wide and anatomic last has a very high level of comfort. The fit is excellent thanks to the shape of the heel cup and the adjustable lacing system. Toe cap in aluminium. The shock absorption characteristics of the compression molded EVA midsole adds further comfort and decreases the skeletal stress. Oil resistant outsole with 16 dynamic carbide tip steels studs.

PROTECTION: EN ISO 20345, S3

- Toecap in aluminium
- Anti-static properties
- Shock absorbing midsole
- Water resistant leather
- Oil resistant outsole
- Closed heel part
- Penetration resistance.
